To Whom It May Concern:

As you are aware, there is an increase of diversity in Montgomery County. We are experiencing a large number of names that we are unable to recognize as last names or first names. We are asking your support to help identify these last names. Please underline the last names on every deed and deed of trust and all other documents. If the name is not underlined, we will do our best to index it properly, but without your assistance this will be a difficult task.

Thanks for your support.
